Technologies

Experience

Trainee - Full Stack Web-Development

📅 September 2020 - Present 📍 Orange Coding Acedemy

During my training I've made more than 10 projects here I list some Projects:

- 📁 **Personal Portfolio**
Made a static website using the basic web technologies (HTML, CSS Grid/ Flex- box, wireframe, mockup)
- 📁 **Ecommerce Website - (WordPress)**
In this website i made a fully dynamic ecommerce website using WordPress and WooCommerce plugin.
- 📁 **"Greener"Website - (PHP E-Commerce)**
In this project i've utilized what i have learnt from PHP and MYSQL to build a fully dynamic e- commerce Website + Admin
- 📁 **"Foodacity" Blog - (Laravel)**
It is a fully functional food blog with social interactions including (Likes, Follows, Posts, Instagram integration...) All linked to a dashboard to control the site flow.
- 📁 **Services Website - (React.js)**
This website was built using JavaScript UI Framework React
- 📁 **Fully Dynamic Website - (MERN Stack)**
This website was built using the MERN Stack where I Used Mongo DB, Express.js ,Node.JS , React.js

Profile

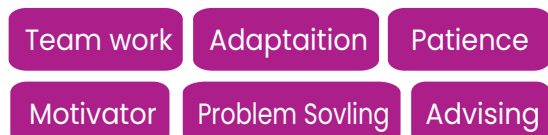

I have a clear, logical mind with a practical approach to problem-solving and a drive to see things through to completion, I have strong technical skills as well and excellent interpersonal skills, enabling me to interact with teammates and co-workers in an efficient and professional way. I am eager to learn and I enjoy overcoming challenges.
